Hi Claudia!

I recently visited your restaurant during lunch 3 weeks ago and had the BEST chicken sandwich in the whole wide world. It was the big island chicken sandwich with Caribbean mayo, mozzarella, pineapple and ham on a pretzel roll with homemade sweet potato fries. I have been back to your restaurant for lunch 3 times since but the sandwich is not on the menu. I have visited your restaurant for breakfast twice in the past 2 weeks and your restaurant has certainly topped my favorite restaurant list. The food is always unbelievable and I always bring my friends, family and co-workers with me. I work downtown at PPD and live in the Ogden area so its quite a drive for me to get to your restaurant but its always well worth the trip.

I'm emailing you today to request that you add the Big Island Chicken Sandwich to your menu. My boyfriend and I absolutely loved it and have gone back several times in hopes that it would be on the menu.

Thank you for providing Wilmington with one of the best restaurants ever!

Sincerely,

**Amy Sessoms**
